

# Vancouver Wooden Boat Center

## Directions

**From Hwy #1, Tri-cities, North Fraser or Vancouver**

Take the Brunette exit and head west on Brunette until it joins with Columbia. You can not turn left onto Cumberland street, so it is best to travel to Richmond Street, turn right and then turn around and come back. The center will be on your right under the Skytrain elevated tracks. As you approach Cumberland you must be in the right hand lane. There is a small road that veers off to the right whereby you go down and cross the train tracks and then head back under the Skytrain.

**From New Westminster, Burnaby or South Fraser (Surrey, Richmond, Delta)**

Get onto Columbia street via Patulla Bridge, Queensboro or McBride Avenue and head east past Richmond Street in the right hand lane and then veer off at small road at foot of Cumberland as above.
